

Term 4 Week 9 Newsletter

11th December 2025

Principal's Message

It is hard to believe this is our final newsletter for the year. 2025 has been a huge year for Kalgoorlie Primary School, and we look forward with great excitement to 2026. Over the past few weeks, we have enjoyed some wonderful events that have showcased the learning and creativity of our students. Our recent Mental Maths Competition was fiercely contested, with some amazingly quick minds on display across all year levels. After several knockout rounds, Mrs Landers narrowly kept her undefeated streak intact, although some of our Year 6 students gave her a real challenge. A big thank you goes to Mrs Dickhart and Miss Westrup for organising this event. We also held our STEMtacular event, where students were tasked with creating a functional wind turbine. Each class selected a winner, and it was fantastic to see the creativity and engineering skills on display. Thank you to Mrs Reghenzani for delivering this event.

Our Kindy Orientation was another highlight, and this Friday we will hold our Kindy Celebration of Learning. Orientation was a fantastic opportunity for our 2026 Kindy students to explore their new classrooms, and their enthusiasm was infectious. We are very excited for what next year will bring and look forward to seeing how far our littlest learners have come during the Celebration of Learning. Thank you to Mrs Fry for her coordination of this event.

Within this newsletter, you will find our 2026 calendar. Please pay particular attention to the School Development Days, which are pupil-free days. The dates marked 'assembly' indicate potential assembly days, and we will provide an updated calendar as more information becomes available.

We also have some staffing changes to announce. Miss Megan Garratt will be leaving us in 2026 to pursue opportunities at St Mary's Primary School. Mrs Rupinder Rangila has accepted a position as a Science teacher at Kalgoorlie-Boulder Community High School. Miss Mariah Dodds will be moving to Perth to be closer to family, as will Miss Belle Lyle. All have provided outstanding service to Kalgoorlie Primary School, and I know you will join me in wishing them well as they begin new adventures.

At the same time, we are excited to welcome new staff to the KPS family. Miss Sarah Cosh will deliver Physical Education and comes to us from Eastern Goldfields College, where she is known for delivering a high-quality program. Miss Nicollette Figliomeni joins us from Caversham Valley Primary School and will help deliver specialist programs to our Pre-primary students. Miss Paige Bennett comes from South Newman Primary School and will take a Year 2 classroom, while Ms Amanda Avila joins us from the Northern Territory and will teach Pre-primary. All of our new staff come with experience and a reputation for care, integrity, and excellent teaching, and we are confident they will be welcome additions to the team in 2026.

Next year, we will offer a range of specialist programs, including Music for Years 1 to 6 delivered by Ms Jacinta Henderson, Digital Technologies for Years 3 to 6, and Nature and Sustainability for Pre-primary to Year 2, alongside Physical Education, Wangkatja, Art, and Science for Years 1 to 6. Our Executive Team of Mrs Balderson, Mrs Reghenzani, Mrs Fry and I will remain stable in 2026, and we look forward to continuing to work together as we strive to improve the school for our students.

To begin the new year, we will hold our Welcome Back BBQ at 1:15 pm on Friday, 30 January. This will be an opportunity to meet your child's new teacher and come together as a community before the school year begins. Speaking of classes, you will find out which teacher your child has this week. A huge amount of effort has gone into meeting requests and creating the best possible spread of students to maximise learning opportunities for 2026.

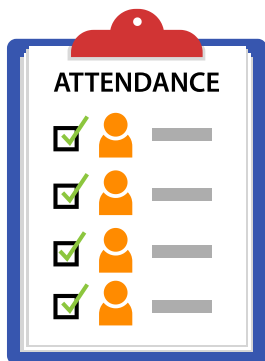

As we end the year, we will be sending another group of students off to the big wide world of Year 7. I would like to acknowledge and commend the current group of Year 6 students. In my time in education, this cohort has been a standout, and staff with more experience than me say the same. They have been excellent examples of our school values, and we will miss them greatly. A commendation goes to their parents as well for raising such high-quality young people. They will always be one of us at Kalgoorlie Primary School.

If I don't see you, have a happy and safe break. We look forward to seeing you in 2026 for another great year at KPS.

Certificates

Mrs Creedican -T1 (Pre-Primary)	Riley	William	Miss Westrup - Room 11 (Year 4)	Sanalya & Harper	Sarah & Alfred
Miss Lyle -T2 (Pre-Primary)	Harvey & Jack	Alisha & Bobby	Ms Nel -Room 12 (Year 5)	Ephraim	Emily T
Miss Garratt- Room 1 (Year 1)	Evan	Ace	Miss Mandiri - Room 13 (Year 5)	Marlena & Kaiyden	Tyler
Mr Seale - Room 2 (Year 1)	Maddison	Jordan	Ms Watson -Room 14 (Year 5/6)	Axle	Dominic & Aaliyah
Mrs Gray- Room 3 (Year 1)	Joelle	Darius	Mr Harring- Harris -Room 15 (Year 6)	Grace & Jemima	Samuel & Ethan
Miss Dodds - Room 4 (Year 2)	Alexia	Aria	Miss Dunlop- Room 16 (Year 6)	Dazilayah	Hank & Jaxon
Miss Blake- Room 5 (Year 2)	Prabhs	Sebastian	<p>Congratulations to Week 6 certificate recipients!</p> 		
Mrs Rangila -Room 8 (Year 3)	Anna-Lyne	Ella-Rose			
Miss Beard - Room 9 (Year 3)	Lyla	Indy			
Mrs James - Room 10 (Year 3)	Ace	Olivia			
Mrs Holdaway - Room 6 (Year 4)	Jacob	Willow			
Miss Johnson - Room 7 (Year 4)	Frankie	Neve	Cleaners Award	Room 5, Room 9 & Room 12	

Attendance News

**Congratulations Room 8 for
winning the Attendance Award
with the most improved
attendance during week 5 and 6!**

School Holiday Dates

Friday 19th December - STUDENT FREE DAY

School Holidays

Saturday 20th December 2025 - Sunday 1st February 2026

Office Open

Tuesday 27th January 2026

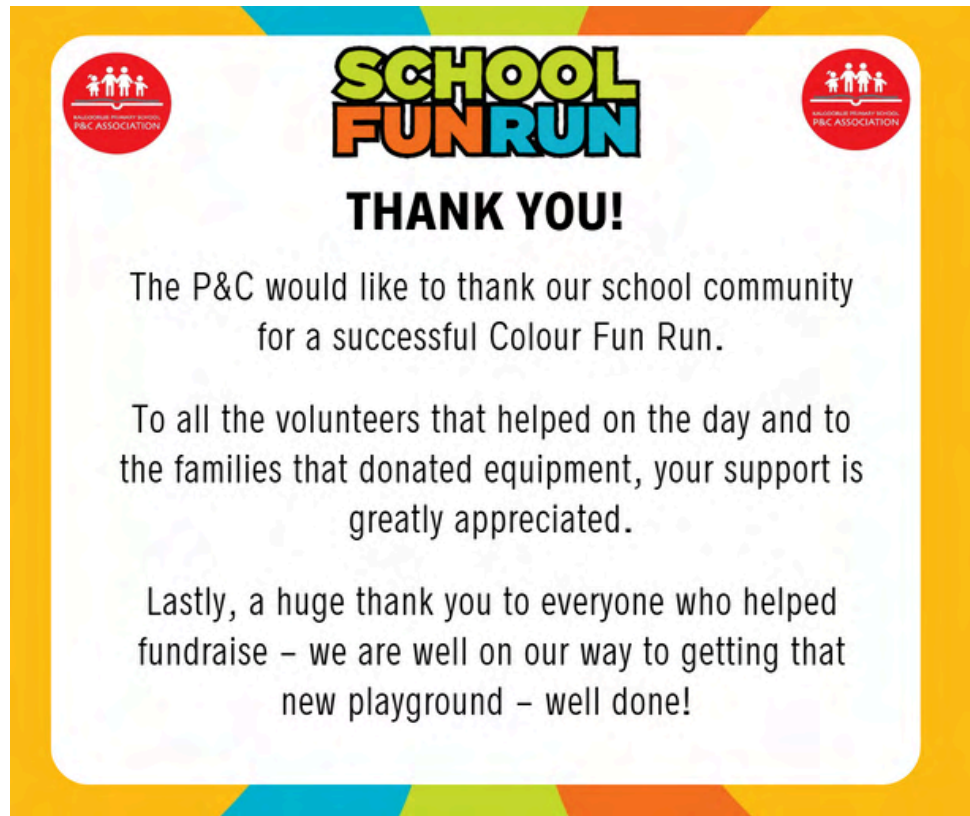

Students Return

Monday 2nd February 2026

We wish all our students and families a safe and enjoyable holiday break.

Important Dates in 2026

A red poster with a white circular logo on the top left that says 'KALGOORLIE PRIMARY SCHOOL'. The title '2026 STUDENT-FREE DAYS' is in large white letters. Below it, it says 'In the interest of vacation planning, please see below student-free and public holidays for 2026:'. There are three sections: 'Term 1' with 'Monday 2nd March - Labour Day' and 'Friday 3rd April - Good Friday'; 'Term 2' with 'Monday 20th & Tuesday 21st April', 'Monday 27th April - ANZAC Day in Lieu', and 'Monday 1st June - WA Day'; and 'Term 4' with 'Monday 16th November' and 'Friday 18th December'. On the right, there is a graphic of a globe with a black airplane flying over it and two yellow location pins.

End of Year Concert

**KALGOORLIE PRIMARY SCHOOL
PRESENTS....**

COLOURS

Join us for a vibrant end of year celebration bursting with bright, joyful hues as students showcase their creativity through music, dance and art.

Wednesday 17th December

**5:30pm – students in class
6pm sharp – concert begins**

Kalgoorlie Primary School Oval

Bring along a picnic and the whole family to enjoy a colourful evening as we wrap up the school year together.

We can't wait to see you there!

Mental Maths Competition

On Tuesday 2nd December, students (and staff) went head-to-head in our annual Mental Maths Competition. The contest challenged top students from Pre-Primary-Year 6 to buzz in first to answer as many questions as possible correctly to be the winner of their year group.

We're so proud of every competitor that took to the stage, what an achievement to think on your feet under pressure.

Nature & Sustainability

In Week 8, our Year 1 and 2 classes visited Karlkurla Bushland Park and the KBULG Community Nursery as part of our Nature and Sustainability program. Students enjoyed a guided tour and took part in a hands-on session where they learned how to propagate new plants, while also finding out which species grow best in our local conditions. A highlight for many was seeing a real silky pear (karlkurla) up close and discovering that Kalgoorlie's name comes from this local Aboriginal word.

Students also enjoyed time at the Karlkurla nature playground, where they completed "nature explorer" activities, looked for signs of native plants and animals, and discussed ways we can look after our local environment.

Many thanks to Kim Eckert from KBULG and staff that attended.

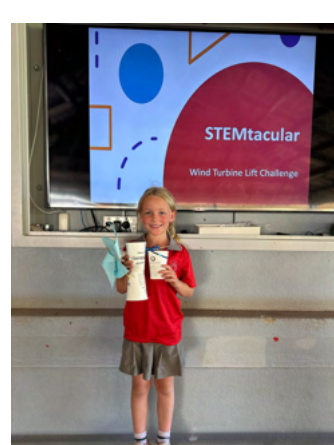

STEMtacular

Students from year 1-6 have spent the last semester investigating, designing and constructing wind turbines for our annual STEMtacular event. The challenge: lift a cup of coins using wind energy.

On Tuesday, finalists from each class presented their designs for judging, and what a showcase it was! It was impressive to see so many creative designs- a great display of engineering, problem solving and design skills.

Well done KPS!

Welcome Back BBQ

KALGOORLIE PRIMARY SCHOOL

WELCOME BACK BBQ

All students and families are invited to join us for a sausage sizzle to welcome in the new school year.

 Friday 30th January 2026

 1:15pm - 2pm

 Kalgoorlie Primary School

This will be a great opportunity to meet your child's teacher before school starts.

We look forward to seeing you all there.

eRideable Laws

The safety of students is our priority and under WA laws, only individuals aged 16 and over are permitted to use eRideables or eBikes with the motor engaged.

From 2 February 2026 (first day of Term 1), the Department of Education is introducing a ban on the use and storage of eRideables and eBikes on public schools grounds by students under the age of 16. This ban supports student safety and aligns with road safety laws.

Thank you for your support in keeping our students and school community safe.

WHAT IS CONSIDERED AN E-RIDEABLE DEVICE?

✓	✗
 E-SKATEBOARDS	 EPTs (SEGWAYS)
 E-SCOOTERS	 ELECTRIC BIKES
 E-WHEELS	 MOTORISED WHEELCHAIRS
 HOVERBOARDS	 MOTORISED SCOOTERS <200W
 E-UNICYCLE	
 E-SKATES	

These devices are already governed by their own regulations under the Road Traffic Code 2000 and will not be included in the eRideable device framework.

Product safety recall

Educational Colours - Rainbow Sand (1.3kg), Creatistics - Coloured Sand (1kg) and Kadink - Sand (1.3kg)
Educational Colours Pty Ltd

Decorative coloured sand, supplied in various colours, to be used for open-ended art and craft activities or sensory play.

Reason the product is recalled
The products are being recalled because they may include asbestos, which is a prohibited substance in Australia.

The hazards to consumers
The products may cause a risk to health as tremolite asbestos (a naturally occurring asbestos) has been detected in some samples after laboratory testing. Importantly, respiratory asbestos has not been detected in any of the tested samples. The release of respiratory asbestos fibres from the sand is unlikely to occur in its current state, unless the sand is processed by mechanical means such as crushing or pulverising. While the risk that any asbestos found is likely to be airborne or fine enough for inhalation is low, this may still pose a risk.

What consumers should do

1. Stop using the products immediately.
2. For safe disposal advice from the Asbestos and Silica Safety and Eradication Agency, visit the [ACCC Product Safety website](https://www.accc.gov.au/education).
3. Contact recalls@educationaladvantage.com for guidance around disposal and seeking a full refund.

Important message from the ACCC to consumers:
The ACCC continues to work with health and safety, and other relevant agencies at the state, territory and Commonwealth levels as this issue evolves. For safe disposal advice from the Asbestos and Silica Safety and Eradication Agency and health information from the Environmental Health Standing Committee (enHealth), visit the [ACCC Product Safety website](https://www.accc.gov.au/education).

See [productsafety.gov.au](https://www.productsafety.gov.au) for Australian product recall information

Interim Advice- Asbestos contamination identified in imported coloured/kinetic sand products

Summary

- Testing in an Australian accredited laboratory has identified asbestos contamination in some imported coloured and decorative sand products used in children's play and craft activities.
- National regulators and agencies are collaborating with multiple health authorities to ensure precaution, consistency and public safety across the country as the situation unfolds.
- While further analysis is underway, regulatory authorities are taking a precautionary approach to minimise any potential risk.
- Education providers, retailers and families are advised to stop using any identified products, follow recall and disposal instructions, and follow any additional advice from agencies in their State or Territory.
- Preliminary assessment indicates that there is a low risk to human health from these products.
- Based on the currently available information, we do not recommend any clinical assessment for those who may have been in contact with these products.

Recalled products

- Refer to ACCC website for further updates [ACCC Product Recall](https://www.accc.gov.au/education)

Immediate actions

- Stop using any identified sand products immediately.
- If the sand is still in its packaging, place in a heavy-duty plastic bag, double tape it securely and store in a secure location while waiting for further disposal advice.
- Clean up sites where the product was used using wet cloths to avoid generating dust. Wear gloves, mask, disposable coveralls. Double bag the sand, gloves, mask, coveralls and cloths. Store in a secure location and wait for further disposal advice.
- If possible, keep children and other people away from areas where the sand has been used until the area has been cleaned.

Health information

- Health effects from asbestos generally occur after long-term inhalation of very small fibres, not from casual or limited contact.
- Based on the currently available information from scientific testing, there is a low risk to human health from these products.
- The recall is a precautionary action based on preliminary results and more comprehensive scientific testing is underway.
- Testing results will inform and potentially update the assessment of risk, and health advice will be updated to reflect developing knowledge.
- Based on the currently available information we do not recommend any clinical assessment for those who may have been in contact with this product.

Government of Western Australia
Department of Health

14 November 2025

Public health advice after recall of children's sand products

WA Health is urging Western Australians to take precautions following a product recall published by the Australian Competition and Consumer Commission (ACCC) recall notice issued on 13 November (external site) for children's coloured sand products that may contain asbestos.

Chief Health Officer Dr Andrew Robertson confirmed that testing by an Australian-accredited laboratory has detected tremolite asbestos in some imported coloured and decorative sand products commonly used in children's play and craft activities.

The ACCC (external site) recall was initiated as a precautionary measure after these findings.

Based on current information, the risk to the community from these products is low, but the public should take a cautious approach.

What should you do?

Stop using coloured sand products immediately and follow these steps:

- Do not play with or handle these products.
- Store them in sealed containers in a secure location.
- Do not dispose of them yet – further instructions will be provided.
- If cleanup is needed:
 - Use wet cloths to avoid creating dust.
 - Wear gloves, a mask, and disposable coveralls if available or other protective clothing which will be disposed.
 - Double bag the sand and all protective items.
 - Store securely until disposal advice is issued.

Health information

- Health effects from asbestos typically occur after long-term inhalation of very small fibres, not from casual or limited contact.
- The recall is precautionary, and more comprehensive testing is underway.
- Based on current advice, people who have handled these products **do not** need to seek medical attention.

The Department of Health is working closely with the Departments of Education, Communities, Department of Local Government, Industry Regulation and Safety (WorkSafe and Consumer Protection) to respond to this issue.

A full list of impacted products and retailers who sold the products can be found here (external site).
